

# Pre-Program Requirements

## Make your health and safety a priority

1

### **SIGN ADVISORY LETTER**

All participants are required to sign and upload the Envision by WorldStrides COVID-19 Advisory Letter located on your **MyEnvisionExperience.com** page. The letter emphasizes the importance of all participants being aware of the symptoms related to COVID-19, taking responsibility for monitoring their health, and reporting any symptoms before or during the program. Cooperation with the terms of the Advisory Letter is key to mitigating risk.

2

### **SIGN VENUE-SPECIFIC WAIVER** *(If applicable)*

Host venues may require submission of additional COVID-19 waivers. Review documents on your **MyEnvisionExperience.com** page to determine if your program's venue has this requirement.

3

### **JOIN THE PRE-PROGRAM WEBINAR**

Approximately 30 days prior to the program's start date, a webinar will be available to all participants. Envision team members will discuss general program information and walk through health and safety protocols and requirements. A recording of the webinar will also be available on your **MyEnvisionExperience.com** page.

4

### **MITIGATE RISK AHEAD OF YOUR PROGRAM**

All participants are asked to limit time outside their home for 14 days prior to travel, with the exception of going to school or work or engaging in other essential activities. If they must venture out, they should strictly observe COVID-19 safety protocols (masking, social distancing, and hand washing) and avoid large gatherings and crowded spaces. When traveling to the program, please follow all guidelines and protocols set by your transportation provider.

5

### **UPLOAD A NEGATIVE COVID-19 PCR TEST**

A PCR test must be administered 3-5 days prior to the program start date. Test results must be submitted as soon as received and no later than 24 hours prior to the session start date. Be sure to confirm with your testing provider the amount of time needed to get tested and secure the results so that you can plan accordingly and avoid delays in attending the program. Instructions on how to upload your test results will be provided approximately 30 days prior to the program start date.

We are currently evaluating all aspects of our programs and incorporating the most up-to-date health and safety standards. We'll continue to make changes as new information and guidance evolves from the Centers for Disease Control and Prevention (CDC) and our program partners. Stay informed by visiting our website:

6

### **LOOK FOR E-MAIL UPDATES**

Envision by WorldStrides' health and safety updates and other reminders will be shared at least once a month leading up to the program.

7

### **PERSONAL PROTECTIVE EQUIPMENT (PPE)**

It is recommended that students bring a personal supply of disposable masks and hand sanitizer. On arrival day students will be provided with the Envision by WorldStrides Safety Kit that will also include daily PPE such as 2 masks/day, and hand sanitizer. On the first day of the program all individuals who are on the program site (including non program participants) are required to wear a mask and maintain physical distance of at least 6ft from others.

8

### **COMPLETE PRE-SESSION HEALTH SCREENING**

Students will be asked a series of symptom check questions the day before and on the first day of the program; prior to arriving to registration. We ask that if you are not feeling well, that you stay home. Instructions on how to fill out symptom check questions will be provided approximately 30 days prior to the program start date. Students will also complete daily symptom check questions each day of the program. This information will be collected digitally each day, and it is recommended that students 13 years and older bring a mobile device to submit responses.

**Questions?** Contact the Office of Admissions at 866-858-5323 or 703-584-9380
